BELAÏD AOUNI'S BIO

Belaïd Aouni is a full professor at School of Commerce and Administration and past Director of the School of Commerce and Administration at Faculty of Management, Laurentian University (Canada). He was Vice-Dean Research at Faculty of Management and an Acting Director of the School of Graduate Studies, Laurentian University. He is the recipient of Laurentian University 2010 Research Excellence Award and the 2012 Teaching Excellence Award; he is also the recipient of 2005 Canadian Operational Research Society Service Award. He received a B.Sc. in Production and Operations Management from Tlemcen University (Algeria), an M.B.A. and a Ph.D. in Management Science/Operational Research from Laval University (Quebec, Canada). Dr. Aouni's teaching and research interests are related to the areas of multiple objective programming and goal programming, multiple criteria decision aid, mathematical programming, production planning and control, and supply chain and logistics management. Dr. Aouni has served as President of the Canadian Operational Research Society. His publications have appeared in top-tier journals such as *Journal of Operational Research Society*, *European Journal of Operational Research*, *Journal of Multi-Criteria Decision Analysis*, *Journal of Global Optimization*, *Information Systems and Operational Research*, *Applied Mathematics and Computation* and *International Transactions in Operational Research*. He is member of the Editorial Board of the *International Journal of Portfolio Analysis and Management*. He serves/has served as a reviewer and guest editor of many of these journals.

PERSONAL INFORMATION

Name: Belaïd AOUNI
Citizenship: Canadian
Spoken and written languages: French, English and Arabic.
Address: School of Commerce and Administration
Faculty of Management, Laurentian University
Sudbury, Ontario, P3E 2C6, Canada
Phone: (705) 618-2140
E-mail: baouni@laurentian.ca

EDUCATION

Philosophiae Doctor (Ph.D.) (Operational Research), Laval University (Sept. 1994-Feb.1998).

Masters of Business Administration (Operational Research), Laval University (1986-1988).

Bachelor of Science (B. Sc.) (Production and Operations Management), Tlemcen University, Algeria (1981-1985); with high distinction (First place).

WORK EXPERIENCE

July 2011 to December 2012: **Director**, School of Commerce and Administration, Faculty of Management, Laurentian University.

January 2011 to July 2011: **Acting Director**, School of Graduate Studies, Laurentian University.

December 2008 to July 2011: **Vice-Dean Research**, Faculty of Management, Laurentian University

July 2002 to present: **Full Professor**

School of Commerce and Administration, Faculty of Management, Laurentian University

The courses taught are as follows:

- Theories in Interdisciplinary (Ph D in Human Studies)
- Production and Operations Management (MBA and undergrad)
- Business Statistics (undergrad)
- Introduction to Management Science (undergrad)
- Information Systems (undergrad)

July 2001 to June 2002: **Associate Professor**

School of Commerce and Administration, Faculty of Management, Laurentian University

The courses taught are as follows:

- Production and Operations Management
- Business Statistics
- Introduction to Management Science
- Information Systems

July 1999 to June 2001: Assistant Professor

School of Commerce and Administration, Faculty of Management, Laurentian University

The courses taught are as follows:

- Production and Operations Management,
- Business Statistics,
- Introduction to Management Science,
- Information Systems.

October 2000- December 2008: Research Coordinator

School of Commerce and Administration, Faculty of Management, Laurentian University.

April 2001 to present: Adjunct Professor

Faculté des Sciences Économiques et de Gestion, Université de Tlemcen, Algérie.

October 21 to November 6, 2010: Visiting Professor

Faculté des Sciences Économiques et de Gestion, Sfax, Tunisia

October 20 to November 7, 2009: Visiting Professor

Faculté des Sciences Économiques et de Gestion, Sfax, Tunisia

October 19 to November 3, 2008: Visiting Professor

Faculté des Sciences Économiques et de Gestion, Sfax, Tunisia

February 14 to March 4, 2007: Visiting Professor

Faculté des Sciences Économiques et de Gestion, Sfax, Tunisia

February 18 to March 6, 2006: Visiting Professor

Faculté des Sciences Économiques et de Gestion, Sfax, Tunisia

February 12 to March 1, 2005: Visiting Professor

Faculté des Sciences Économiques et de Gestion, Sfax, Tunisia

December 3 to December 21, 2004: Visiting Professor

Faculté des Sciences Économiques et de Gestion, Sfax, Tunisia.

April 5 to April 18, 2000: Visiting Professor

Faculté des Sciences Économiques et de Gestion, Sfax, Tunisia.

October 20 to November 5, 2003: Visiting Professor

l’Institut Supérieur de Gestion de l’Université de Tunis, Tunisie.

October 27 to November 4, 2000: Visiting Professor

Faculté des Sciences Économiques et de Gestion, Sfax, Tunisie.

August 1998 to July 1999: Assistant Professor (limited term position)

Operations and Decision Systems Department, Faculty of Business Administration, Laval University.
The courses taught are as follows:

- Decision Aid (postgraduate);
- Operations management and technology (undergraduate);
- Statistics in management (undergraduate);
- Operations management (postgraduate);
- Probability in management (undergraduate);
- Operational research (undergraduate).

November 1996 to July 1998: **Research and Socio-Economic Planning Agent**

Operational Research and Planning Centre at the Ministry of Natural Resources, province of Quebec.
I was in charge of the development of quantitative models for the planning of the cadastre reform program activities.

September 1995 July 1998: **Lecturer**

Operations and Decision Systems Department, Faculty of Business Administration, Laval University.
The courses taught are as follows:

- Operations Management and Technology (undergraduate);
- Introduction to Quantitative Methods (undergraduate);
- Decision and Uncertainty (undergraduate);
- Production Management (postgraduate);
- Operational Research.

August 1991 to September 1994: **Analyst** (in computers and administrative procedures);
Systems planning section, Information Resources Centre, Quebec Ministry of Forestry (the office of the deputy minister). I was in charge of the cost/benefit analysis of information technology projects. Moreover, I was advisor to the project managers for the development of the computer systems within the ministry.

January 1990 to July 1991: **Assistant professor**

Operations and Decision Systems Department, Faculty of Business Administration, Laval University.
The courses taught are as follows:

- Operations Management and Technology (undergraduate);
- Production Management (postgraduate);
- Quantitative Methods in Management (postgraduate);
- Statistics in Management (undergraduate);
- Decision and Uncertainty (undergraduate);
- Probability in Management (undergraduate);
- Modeling and Decision (undergraduate);
- Operational Research (undergraduate).

September 1990 to December 1990: **Consultant** at «le Centre francophone de recherche en informatisation des organisations (CEFARIO)».

The project consisted of evaluating the demand of the Quebec enterprises in telematics services (the organizations involved were the Quebec Bureau of Statistics, the Quebec Ministry of Communications and the CEFARIO).

January 1989 to December 1989 and from September 1991 to September 1994: **Lecturer**
Operations and Decision Systems Department, Faculty of Business Administration, Laval University.
The courses taught are as follows:

- Operations management and technology (undergraduate);
- Operations management (graduate)
- Quantitative methods in management (graduate)
- Models and decisions (undergraduate)
- Decision and uncertainty (undergraduate).
- Introduction to quantitative methods for management (undergraduate)
- Operational research I (undergraduate)

September 1988 to December 1988: **Professional researcher**
Operations and Decision Systems Department, Faculty of Business Administration, Laval University.

April 1987 to September 1988: **Research assistant**
Operations and Decision Systems Department, Faculty of Business Administration, Laval University.

REFEREE ACTIVITIES

I am a referee for the following international journals:

- *Journal of the Operational Research Society*,
- *European Journal of Operational Research*,
- *Information Systems and Operational Research*,
- *Computers and Operations Research*,
- *Mathematical and Computer Modelling*,
- *Canadian Journal of Forest Research*,
- *International Transactions in Operational Research*,
- *Journal of Multi-Criteria Decision Analysis*,
- *Spanish Journal of Operational Research*.

I am also a referee for the Annual Conference of the Administrative Sciences Association of Canada.

CONTRIBUTION TO THE ORGANIZATION OF SCIENTIFIC CONVENTIONS

- Member of the Technical Program of the 5th International Conference on Modeling, Simulation and Applied Optimization, April 28-30, 2013, Hammamet (Tunisia).
 - Program Chair of the International Conference on Advanced Logistics and Transport, May 29-31, 2013, Sousse (Tunisia).
 - Chair of the 10th International Conference on Multi-Objective Programming and Goal Programming, Niagara Falls, (Canada), June 11-13, 2012.
 - Chair of the 5th Annual Research Colloquium of the Ph.D. Program in Human Studies, Laurentian University, April 11, 2012.
 - Co-chair of the “*First International Conference on Multidimensional Finance, Insurance and Investment*”, Hammamet (Tunisia) April 14-16, 2011.
 - Chair of the Graduate Students Research Symposium, Laurentian University, February 15-16, 2011.
 - Chair of the research seminar of Ph.D. program in Human Studies at Laurentian University, Sudbury, April 1, 2011.
 - Member of the Scientific Committee of the “*9th International Conference on Multiple Objective Programming and Goal Programming*”, Sousse, Tunisia, May 24-26, 2010.
 - Member of the Scientific Committee of the “*Fifth International Conference on Operations Research*”, Marrakech, Morocco, May 24-27, 2010.
 - Chair of “Management Science Division, the Administrative Sciences Association of Canada”, 2006-2007.
 - Chair of “Cluster on Multi-Criteria Decision Aid, Conference of Canadian Operational Research Society and Optimization Days”, Quebec City, May 12-14, 2008.
 - Chair of “Cluster on Multi-Criteria Decision Aid, Conference of Canadian Operational Research Society”, London, May 14-16, 2007.
 - Chair of the “Second International Conference on Multi-Attribute Portfolio Selection”, Canada, May 6-8, 2007.
 - Member of the Scientific Committee of the “6th International Conference on Multi-Objective Programming and Goal Programming: Theory and Applications”. Tunis (Tunisia), April 14-16, 2004.
- Member of the Scientific Committee of the 3^e Conférence Internationale en Recherche Opérationnelle : Théorie et Applications; Marrakech (Morocco) June 4 to June 6, 2002.

- Chair of the Production and Operations Management Division of the Administrative Sciences Association of Canada, 2000-2001.
- Member of the Scientific Committee of the Joint Conference of Canadian Operational Research Society and Optimization Days, Quebec City, May 6-8, 2001.
- Member of the Scientific Committee of the FRANCORO III Conference, Quebec City, May 9-12, 2001.
- Program chair of the Production and Operations Management Division of the Annual Conference of the Administrative Sciences Association of Canada, Montreal (Canada), July 8-11, 2000.
- President of 4 sessions of the divisions “Production and Operations Management” and “Operations Research” of the Annual Conference of the Administrative Sciences Association of Canada, Montreal (Canada), July 8-11, 2000.
- President of 3 sessions of the division «Methods and Heuristics for Decision Making Systems» of the “International Conference on Artificial and Computational Intelligence for Decision, Control and Automation in Engineering and Industrial Applications”, Monastir (Tunisia), March 22-24, 2000.
- Organizer of 3 sessions (on Decision Aid) at the Optimization Days 1999, Montreal, May 10-12, 1999.
- Organizer of 2 sessions (on Decision Aid) at the CORS-SCRO'99: 41st National Conference, Windsor, June 7-9, 1999.
- Co-chair of the Third International Conference on Multi-Objective Programming and Goal Programming: Theories and Applications. Quebec City, May 31 and June 1-3, 1998.
- Organizer of the Multi-criteria Division (many sessions) at the INFORMS Annual Conference, Montreal, April, 1998.
- Member of the organizing committee of the 48th Meeting of the EURO Working Group "Multicriteria Aid for Decision", Quebec City, October 1-2, 1998.
- Session president at the 65th Conference of ACFAS, Trois-Rivières (Canada) May 12-16, 1997.
- Session president at the Second International Conference in Multi-Objective Programming and Goal Programming, in Torremolinos (Spain), May 16-18, 1996.
- Session president at the Annual Conference of the Administrative Sciences Association of Canada, Operational Research Division, Montreal (Canada), May 25-29, 1996.

-Session president at The Sixteenth International Symposium on Forecasting, Istanbul (Turkey), June 23-26, 1996.

-Member of the organizing committee of the International Symposium of the FAO (Food and Agriculture Organization), on Food Safety, Quebec (Canada), October 11-13, 1995.

-Member of the local organizing committee of the first international Symposium on Globalisation and Competitiveness: Implications for Policy and Strategy Formulation, Agadir (Morocco), May 8-11, 1995.

-Organizer, with the collaboration of Professor Jean-Marc Martel, of the Annual Conference of the Administrative Sciences Association of Canada (Operations Research Division), Halifax (Canada), 1994.

-Member of the organizing committee of the summer school on Multi-Criterion Decision Analysis, Quebec (Canada), August 1991.

ACADEMIC PARTICIPATION

- Member of the selection committee of the Vice-President, Francophone Affairs, Student Affairs and Recruitment (2009)

- Vice-Dean Research, Faculty of Management, Laurentian University (2008 to 2011),

- Member of the Unit Personnel Committee, School of Commerce and Administration, Faculty of Management, Laurentian University (2007 to present),

- Member of the MBA Admission Committee, School of Commerce and Administration, Faculty of Management, Laurentian University (2008 to present),

- Member of committee of Canada Foundation for Innovation, Leaders Opportunity Fund (2007 to present),

- Member of committee of Canada Foundation for Innovation, Leaders Opportunity Fund (2007 to present),

-Member of the Selection Committee for the director of School of Commerce and Administration, Laurentian University, 2005.

- Member of the Selection Committee for the Dean of the School of Graduate Studies 2005.

- Member of the Laurentian University Research Fund Committee (2004-2005).

- Chair of the Decision Aid Research Group, July 2002 to present.

- Research Coordinator, of School of Commerce and Administration, Laurentian University, July 2002 to present.
- Member of the Accreditation Committee, Graduate Studies, Laurentian University, September 2005 to present.
- Member of the Unit Personal committee, School of Commerce and Administration, Laurentian University, 2004.
- Member of the Selection Committee for the Laurentian University Research Award (2003).
- Member of the Unit Personal committee, School of Commerce and Administration, Laurentian University, 2003.
- Member of the committee of «Fondation des bourses du millénaire» (2001-2002).
- Represent the Professional Schools in the Open House committee, Laurentian University, 2000.
- Council member of the Institute Northern Ontario Research and Development.
- Member of the e-commerce committee (School of Commerce and Administration, Laurentian University). This committee is in charge of the development of Bachelor program specialized in the electronic commerce.
- Member of the committee for the nomination of the director of School of Commerce and Administration, Laurentian University, 2000.
- Member of the committee for the nomination of the director of Operations and Decision Systems Department, Faculty of Business Administration, Laval University, 1995.
- Member of the Ph. D. Program Committee, Faculté des Sciences de l'Adminsitration, Laval University (1995-1997).
- Member of the Admission and Supervision Committee of the Ph. D. program, Faculté des Sciences de l'Administration, Laval University (1995-1997).

PROFESSIONAL MEMBERSHIPS

I am a member of the following scientific associations:

- INFORMS (INstitute For Operation Research and Management Sciences),
- SCRO (Canadian Operational Research Society),

- ASAC (Administrative Sciences Association of Canada),
- ACFAS (Association Canadienne Française pour l'avancement des Sciences),
- International Society on Multiple Criteria Decision Making,
- Member of the “Executive Advisory Council” of “The International Society for the Theory and Application of Multi-Objective Decision Analysis”,
- President of the “Canadian Operational Research Society” (June 2003-2004);
- Vice-President of the “Canadian Operational Research Society” (June 2002-2003);
- Member of the Canadian Operational Research Society Council (June, 2001 to June 2002);
- Secretary of the Canadian Operational Research Society, Quebec chapter, (1998-1999).

COMMUNITY SERVICES

Member of the executive board of the «Centre de Santé Communautaire de Sudbury», 2000-2003.
